WHEREAS, Joseph A. Ward has been certified by the Civil Service Commission as eligible for appointment to the position of clerk in the Building Division of the Department of Public Safety;

THEREFORE BE IT RESOLVED, That Joseph A. Ward be and he is hereby appointed to the position of clerk in the Building Division of the Department of Public Safety at an annual salary of \$1,500, payable semi-monthly as other salaries are paid, same to become effective as of June 9, 1919.

William J. Brennan,
Charles P. Gillen,
A. Archibald,
John F. Monahan.

The roll being called, the resolution was declared adopted by the following votes:

Yeas — Commissioners Archibald, Brennan, Monahan, Mayor Gillen.

Commissioner Archibald offered the following resolutions:

The Law Department of the City of Newark is hereby authorized and empowered to engage additional lawyers and experts for the purpose of carrying on such litigation as the Law Department considers necessary in opposing the increase of trolley fares and the application of the Public Service Railway Company for the establishment of the zoning plan and rates.

The Law Department is hereby authorized to expend a sum not to exceed Ten thousand (\$10,000) dollars for the said purposes.

A. Archibald,
John F. Monahan,
Charles P. Gillen,
William J. Brennan.

The roll being called, the resolution was declared adopted by the following votes:

Yeas — Commissioners Archibald, Brennan, Monahan, Mayor Gillen.

WHEREAS, It is deemed advisable by the Board of Commissioners of the City of Newark to purchase marsh and other lands and rights therein and riparian lands and lands under water, for the construction, establishment and maintenance of public docks and shipping and transportation facilities, in accordance with the provisions of Chapter 272 of the State Laws of 1907 and Chapter 397 of the Laws of 1915, and the amendments thereof;

THEREFORE BE IT RESOLVED, That the sum of Twelve thousand dollars (\$12,000) be and the same is hereby appropriated to Thomas B. Booth for the acquisition by the City of Newark of a certain tract of salt meadow land containing 11.61 acres, known and designated as block 1770-3, 1770a-1 and 1769-1 on the official assessment maps of the City of Newark (Osborn). The said sum of Twelve thousand dollars (\$12,000) being appropriated from the Port Newark Development account and payment of the same shall be

made to the said Thomas B. Booth upon the filing by him with the Acting City Auditor of a satisfactory deed approved by the Law Department.

A. Archibald,
Charles P. Gillen,
William J. Brennan,
John F. Monahan.

The roll being called, the resolution was declared adopted by the following votes:

Yeas — Commissioners Archibald, Brennan, Monahan, Mayor Gillen.

Commissioner Brennan moved that the title of "An ordinance to provide for the repaving of Ridge street from Berkeley avenue east to Elwood avenue east with bitulithic resurfacing on the old telford pavement properly scarified and the brick gutters repaired wherever needed," be taken for its third reading.

The following communication was received and read:

City Counsel's Office,

Newark, N. J., June 5, 1919.

SUBJECT: REASONS AS TO RESCINDING OF RESOLUTIONS APPROPRIATING MONEYS FOR MEADOW PURCHASE.

Board of Commissioners of the City of Newark:

Addressed.

Gentlemen:

Respecting the resolution presented to your Board on May 22nd last, providing for the rescinding of 13 resolutions appropriating divers sums of money for the purchase by the City of Newark of certain tracts of meadow lands, and referred to the Law Department for reasons, in writing, for the disapproval of the titles of the parcels of land described in said resolutions and the present status of each parcel, as to possession and title, I desire to submit the following report:

Security Land and Improvement Company, May 20, 1914, \$1,050.

The title of this parcel, containing 2.60 acres, was disapproved because the land company's ownership thereof was subject to an outstanding tax title held by another person. The land is now owned by the City of Newark, by conveyance from all persons having any interest therein.

Stuart Lindsley, June 26, 1914, \$464.

The tax title of this parcel offered to the City by Stuart Lindsley was disapproved because the proceedings upon which said title was based should have been against unknown owners instead of the persons named therein. Said parcel is now owned by the City of Newark, by conveyance from all persons having any interest therein.

George C. Frelinghuysen, Executor, September 18, 1914, \$2,800.

The title of this parcel was disapproved because it could not be

clearly traced prior to March 25, 1870. The City assessment records show that this parcel is now owned by the Estate of Peter H. Ballentine.

A. Catherine T. Bunnell, November 13, 1914, \$828.75.

B. Charles V. Mapes, Et Ano., Trustees, November 13, 1914, \$604.50.

C. Catherine T. Bunnell, November 13, 1914, \$1,813.50.

The titles of the foregoing 3 parcels were disapproved because of the existence of outstanding interests therein held by other persons. The City assessment records show that Parcel A is now owned by the Estate of Jabez P. Mapes; Parcel B is owned by New York Bay Railroad Company, and Parcel C is owned by Estate of James J. Mapes.

A. Edward C. Lyon, Jr., December 30, 1914, \$1,330.

B. Edward C. Lyon, Jr., December 30, 1914, \$3,202.50.

The titles of the above two parcels were disapproved because of the inability of Mr. Lyon to convey full and complete title thereto, owing to the existence of outstanding interests therein in other persons. The City assessment records show that Parcel A is now owned by James R. Nugent and Parcel B by John Ward.

Christina M. Wild, January 12, 1917, \$1,923.33.

This appropriation was made for the acquisition of 3 certain tracts of salt meadow, the titles of which were disapproved because of the inability of the seller to convey to the City the full and complete title thereof, owing to the existence of outstanding interests therein in other persons. According to the City assessment records, one tract is now owned by the New York Bay Railroad Company, another by James R. Nugent and the third by Federal Trust Company.

Stuart Lindsley, August 31, 1917, \$320.

This appropriation was made for

the purchase of .80 of an acre of meadow land and after the passage of the resolution it was deemed advisable to acquire the larger area of 1.10 acres for the future widening of Port street. The larger area was therefore conveyed to the City at the same price per acre. This parcel is now completely owned by the City of Newark.

John T. Rivers, April 20, 1917, \$2,500.

This parcel was the subject of the Chancery suit instituted by the City against Federal Trust Company and by the settlement of said suit and a conveyance from said Federal Trust Company, the title of said parcel is now in the City of Newark.

Stuart Lindsley, August 30, 1917, \$2,704.

The title of this parcel was disapproved because Stuart Lindsley had a mere tax lien on the same, and proceedings in the Circuit Court against unknown owners would have to be instituted to perfect the title of the parcel. The City assessment records shows that the parcel is now owned by the Estate of Abraham Ogden.

Alfred J. De Raismes, December 31, 1914, \$2,975.

This appropriation was for the acquisition of two adjoining tracts of meadow land and the title thereof as submitted by Mr. De Raismes was disapproved because of the existence of outstanding interests in said two parcels held by other persons. The interest of the Communipaw Central Land Company in one of said tracts is now held by the City of Newark, and the interest of Stuart Lindsley in the other tract is about to be conveyed to the City of Newark.

Yours very truly,

JEROME T. CONGLETON,
City Counsel.

Ordered filed.

Mayor Gillen (addressing City Counsel Congleton): Now, you still

have some parcels that have not as yet been acquired by the City.

City Counsel Congleton: Some of the tracts referred to in my communication the City does not as yet own, but none of the appropriations covered by the warrants therein referred to were based upon contracts held by the City. My best information is that when the City was purchasing meadow lands different parties would appear before the Board of Works, claiming to represent the owners of certain tracts, and offer the same to the City for a certain amount. If the amount seemed reasonable to the Board of Works, an appropriation in that amount would be passed. As my letter states, several of the tracts were subsequently purchased by the City from the real owners.

Mayor Gillen There was nothing in writing of record showing that the City agreed to buy it for a certain amount?

City Counsel Congleton: No, sir, except the appropriation made by the Board of Works.

Commissioner Brennan offered the following resolution:

RESOLVED, That the following resolutions, heretofore adopted on behalf of the City of Newark, appropriating divers sums of money for the acquisition by the City of Newark of certain tracts of salt meadow lands, be and the same are hereby rescinded for the reason that titles thereof were disapproved by the City, and the Acting City Auditor is hereby requested to return the respective warrants therefor to the City Clerk for cancellation, to wit:

Clerk of Board of Commissioners of
the City of Newark, City Hall,

Dear Sir:

The roll being called, the resolution was declared adopted by the following votes:

Yeas — Commissioners Archibald, Brennan, Monahan, Mayor Gillen.

Vailsburg Drainage System Assessments.

Enclosed find objections on behalf of Carroll P. Bassett to the assessments levied against property owned by him on Alexander street. Please file the same.

This will supplement our verbal objections made at the public hear-

ing before the commissioners. Please acknowledge receipt.

Yours very truly,

RIKER & RIKER.

In the matter of the Proposed Assessment for Benefits for the Vailsburg Drainage System of the City of Newark. Objections.

To the Board of Commissioners of the city of Newark:

The undersigned, owner of real estate against whose property it is proposed by a report of the Board of Assessment Commissioners, dated April 2nd, 1919, to make an assessment for peculiar benefits for the construction of sewers or drains known as the Vailsburg Drainage System, constructed under ten different ordinances, referred to in the notice of hearing on the proposed confirmation of said report, objects to the assessment proposed by said report to be made against the parcels of real estate owned by him, on the following grounds:

First Objection: Because said real estate is not peculiarly benefited by said improvement.

Second objection: Because said real estate or a part of it does not front or abut upon said drain nor can it obtain a direct tapping benefit, and it is not peculiarly benefited by said improvement.

Third objection: Because there was not given, by advertisement or otherwise, any due, legal or sufficient notice of your proceedings, or the proceedings previous thereto, on which the assessment is based.

Fourth objection: Because the assessments proposed are for benefits not present and not immediately accruing to the undersigned.

Fifth objection: Because the benefits proposed to be assessed should be prospective and not present.

Sixth objection: Because you, the Assessment Commissioners, have

never been legally authorized to proceed with the making of an assessment in this matter.

Seventh objection: Because there has been included in one assessment several improvements and several drains under several contracts.

Eighth objection: Because the said proposed assessments are contrary to the Constitution of the United States and of the State of New Jersey, and the assessments are in effect the taking of property without due process of law and without compensation, in violation of Constitutional rights.

Ninth objection: Because it is proposed to make said assessments under Chapter 152, P. L. 1917, approved March 27th, 1917, and the supplements thereto and amendments thereof, and said act is not applicable to an assessment for benefits by reason of the improvements under consideration.

Tenth objection: Because Chapter 152, P. L. 1917, approved March 27th, 1917, and the amendments thereto and supplements thereof are not applicable, the said act having been passed subsequent to the making of the improvements under consideration, and to proceed under said act would deny to the undersigned the benefits thereof.

Eleventh objection: Because you, the said Assessment Commissioners of the City of Newark, have not given the necessary consideration to the report as submitted in order to make a legal determination on confirmation.

Twelfth objection: Because the proposed assessment is made upon the front foot basis and by a fixed scale price per lot 25 feet by 100 feet, and the benefits are not distributed equally.

Thirteenth objection: Because the making of a report for benefits derived from the above mentioned improvements was, by your resolu-

tion, directed to be presented to the Circuit Court of Essex County for confirmation.

Fourteenth objection: Because one of the members of the Board of Assessment Commissioners owns property in the assessed area or property subject to be assessed for benefits due to said improvements.

Fifteenth objection: Because the undersigned objector desires to submit evidence in the shape of his testimony, the testimony of the commissioners who made the report, the testimony of the engineer who designed and built the drain, the testimony of an independent engineer who is familiar with the facts in reference to the area of assessment and the work as carried out, and the results obtained by the use of the drain as constructed, and the testimony of citizens who are familiar with the local conditions as they existed before and exist since the improvements were made.

Sixteenth objection: Because the proposed assessment is in other respects illegal, inequitable, unjust and void.

The parcels of real estate owned by the undersigned consist of twenty-seven lots, described as follows:

Alexander St. No.	Blk. No.	Map No.

RIKER & RIKER,

Attorneys of Carroll P. Bassett.

Dated Newark, N. J., June 4th, 1919.

Ordered filed.

90 High Street, Orange, N. J.,

June 3rd, 1919.

To the Honorable Commissioners of the City of Newark, New Jersey. Gentlemen:

You are no doubt aware of the

passage of a law by the State of New York imposing an income tax upon residents in New Jersey, or other states, doing business in the city of New York.

Such a law is plainly against state comity and if held legal will provoke retaliatory legislation and lead to endless trouble.

I have taken the matter up with the Attorney General of our state, Hon. Thomas F. McCrann, and he has promised to consult acting Governor Runyon and see if legal proceedings can be started on the part of our state for the protection of our citizens in this matter.

I hope your honorable body will take the subject into consideration and join in whatever action is necessary.

The matter as it stands is nothing less than an outrage.

Very truly,

J. D. HOLMES.

Ordered referred to the Law Department and Commissioner Archibald.

Commissioner Monahan offered the following resolutions:

RESOLVED, That the contract between the city of Newark and Jaeh-nig & Peoples, Inc., dated June 4, 1919, for plumbing work required in the erection of twelve additional stands at the northwest corner of Mulberry and Commerce streets in connections with the Newark Centre Market, in amount \$1,179.00, copy of which contract is hereto attached, be and the same is hereby approved; and the City Clerk and the Director of Parks and Public Property are hereby authorized and directed to execute the said contract on behalf of the city of Newark on the approval of this resolution.

Mayor Gillen: There is going to be a hearing next Tuesday, I think, at the court house, Jersey City, on the proposed bridge between Essex county and Hudson county over the Newark bay. Now, of course, I have always objected to bridges across the Newark bay. We would like to get rid of all bridges, because they have always been a detriment to the development of the bay and to the development of the water front property of Newark as the real port of

entry I cannot think of anything that would be a greater detriment to the future growth and development of Newark bay and Newark itself than another bridge across the bay. It would be a great thing if we could get rid of all the bridges and have tunnels instead of the bridges. Now, they have a hearing in Jersey City—I think it is next Tuesday—and it seems to me that this board ought to take a very positive stand in opposition to the bridge and request the Board of Freeholders of Essex county to oppose it. We ought to appear at this hearing and oppose it. The cost of the bridge will be very heavy to the City of Newark. Their main contention is that it will relieve traffic on the Lincoln Highway. This bridge will be over the meadows, right across to Bayonne, just this side of the Union line.

Commissioner Archibald: Are the Board of Freeholders going to oppose it?

Mayor Gillen: I do not know what the attitude of the Freeholders is.

Commissioner Brennan: I understand that bridge is intended to relieve the heavy traffic on the Lincoln Highway.

Commissioner Monahan: I want to be recorded as being opposed to that bridge.

Mayor Gillen: We ought to oppose it with all our influence and power. I think it ought to be opposed in every way.

Commissioner Monahan moved that we go on record as being absolutely opposed to the proposed Essex and Hudson County bridge, that we request the Board of Freeholders to also oppose it, and that a delegation from the Board of Freeholders, together with the Chief Engineer, appear at the hearing to be held on Tuesday, June 10th, at 3 P. M., at the court house, Jersey City, New Jersey, to oppose the construction of this bridge.

The roll being called, the motion

was declared adopted by the following votes:

Yeas — Commissioners Archibald, Brennan, Monahan, Mayor Gillen.

Commissioner Brennan: With reference to the matter that was referred to the Director of Public Safety and the Law Department relative to a complaint made against one of the court clerks at the last meeting, I can report progress thereon. Since this matter was called to the attention of the Commission by Mr. Brodsky several other complaints are now being investigated with the view of having a complete report to submit to the Commission and recommendations when report is completed.

Commissioner Brennan moved to adjourn.

A regular meeting of the Board of Commissioners of Newark, N. J., was held on the above date in the Council Chamber, City Hall, Newark, at 11 o'clock A. M.

Present — Commissioners Archibald, Brennan, Monahan, Raymond, Mayor Gillen.

The minutes of the meeting of June 5th, 1919, were read and approved.

Mayor Gillen announced that the Board is prepared to hear citizens on the Vailsburg sewer assessments

Mr. William E. Cavanagh presented the following petition, which was read by the City Clerk:

Newark, N. J., June 4, 1919.

To the Board of City Commissioners
of Newark, New Jersey:
Gentlemen:

We, the undersigned, owners and agents of owners of property in the Vailsburg section of this City, do hereby protest against the levying of any assessment on properties listed below for the installation of the Vailsburg Drainage Sewer, on the grounds that these properties have not been directly benefited, and that no assessment can legally be levied where no direct tapping benefits are derived therefrom by the properties assessed.

(Signed by three hundred and sixteen owners.)

Ordered filed.

Mr. Smith, of Coult & Smith, requested the Board to take the testimony of objectors as well as of competent engineers before confirming the report of the Assessment Commissioners.

Mayor Gillen (addressing City Counsel Congleton): If the Board does not take testimony, does it endanger the city's rights in any way as to collecting of assessments?

City Counsel Congleton: They have the right to appeal from your decision. You have heard these objections and you have taken time to consider and investigate them. If you are satisfied that the report filed by the Assessment Commissioners is a proper assessment you may now at this time confirm the report, and if from your investigation and study you are satisfied that perhaps there should be some alterations you may send it back to the Assessment Commissioners to make whatever corrections you see fit, or you may refer it to a committee of this Board. If from your investigation and study of the matter you are satisfied that the report is a proper report to be

confirmed by you, you may confirm it.

Commissioner Raymond: In my opinion there are certain methods adopted in making these assessments which I think are questionable, and I think we ought to take testimony. We can refer it to some one to take testimony. We do not have to take it ourselves.

Commissioner Archibald: I do not deem it necessary to take testimony. You have listened to the objections of all parties who appeared before the Board, and I do not believe the taking of testimony will add to the information that you already have.

Mayor Gillen: I think we ought to proceed very carefully in everything we do. They are taking advantage of all these technical points so as to prevent the city from collecting these assessments.

Mr. Smith: If the assessment was fought on that ground the city would certainly not be a loser, because there is always the right of reassessment where it is defeated on a technical ground.

Commissioner Archibald: I am satisfied to withdraw my resolution.

Commissioner Archibald moved that the matter of taking testimony in connection with the protests on the assessments for the Vailsburg sewer be laid over for two weeks, and in the meantime the matter referred to the Law Department for a written opinion as to the advisability of the Board taking testimony.

William J. Brennan,
Thomas L. Raymond,
John F. Monahan.

The roll being called, the resolution was declared adopted by the following votes:

Yeas — Commissioners Archibald, Brennan, Monahan, Raymond, Mayor Gillen.

The following communication was received and read:

May 28, 1919.

Honorable Charles P. Gillen, Director of the Department of Public Affairs. Addressed.

My Dear Sir:

I hereby make application to be retired from service as Overseer of the Poor of the City of Newark, upon a pension of \$1,250 per year, in accordance with the provisions of Chapter 109 of the Laws of 1919.

I have now been Overseer of the Poor of the City of Newark for twenty-seven years continuously, and was seventy-one years of age on May 27, 1919.

I am very reluctant to separate myself from the city's service, but feel that the duties of the office have

become too burdensome for a man of my age to properly handle.

When I assumed office in 1892 the City of Newark then had a population of about 188,000. The appropriation granted by the Common Council for all of the work then being done by the Poor and Alms Committee, which included the outdoor relief and the maintenance of the Alms House, amounted to about \$40,000. During my service I have seen the work increase to a point where it now requires something over \$200,000 to carry on the same work.

With a deep appreciation of all the courtesies which have been extended to me during my service with the city, I beg to remain, very respectfully,

WM. A. BALDWIN,
Overseer of the Poor of
the City of Newark.

Commissioner Archibald moved that the communication be received and the application for retirement accepted.

The roll being called, the motion was declared adopted by the following votes:

Yeas — Commissioners Archibald, Brennan, Monahan, Raymond, Mayor Gillen.

Mayor Gillen offered the following resolution:

WHEREAS, William A. Baldwin has served the city as Overseer of the Poor for more than 25 years continuously and has attained the age of 70 years, to wit, 71 years of age on May 27, 1919; and,

WHEREAS, Said William A. Baldwin has made application to the Director of the Department of Public Affairs to be retired from service upon a pension of \$1,250 per annum;

THEREFORE, BE IT RESOLVED, By the Board of Commissioners of the City of Newark, that in pursuance of Chapter 109 of the Laws of 1919

the said William A. Baldwin be and he hereby is retired from service as Overseer of the Poor of the city of Newark, and that during his natural life he shall receive by way of pension the sum of \$1,250 per annum (being a sum not less than one-half of the salary being received by him as Overseer of the Poor), the same to be paid in the same manner and in the same instalments in which his salary has heretofore been payable; such retirement to take effect as of June 15, 1919.

Charles P. Gillen,
A. Archibald,
William J. Brennan,
John F. Monahan.

The roll being called, the resolution was declared adopted by the following votes:

Yeas — Commissioners Archibald, Brennan, Monahan, Raymond, Mayor Gillen.

Mayor Gillen offered a resolution appointing James B. Gill as Overseer of the Poor to fill the vacancy caused by Mr. Baldwin's retirement on pension.

Commissioner Raymond: What is the occupation of Mr. Gill?

Mayor Gillen: He is a master plumber.

Commissioner Raymond: I have always taken a very definite stand on the conduct of the Poor and Alms Department and I do not want to take any action which will stultify myself and which will place me in a false position. I think this is a job for a man of technical education and training in that line. This is merely my opinion, but you will please excuse me from voting for this.

Commissioner Archibald: I feel practically the same way. You are appointing an advisory board and I prefer to wait until this advisory board makes some recommendations.

Mayor Gillen then withdrew the resolution.

Commissioner Brennan offered the following resolution:

RESOLVED, That the salary of Charles Whitemore, Assistant Superintendent of Telegraph, Fire Division of the Department of Public Safety, be and is hereby increased from \$1,800 to \$2,000 per annum, payable as other salaries are paid, effective as of June 16, 1919.

Yeas — Commissioners Archibald, Brennan, Monahan, Raymond, Mayor Gillen.

Commissioner Brennan offered the following resolution:

WHEREAS, The Board of Commissioners of the City of Newark believes that the protection from fire which is insured to property located on Newark's waterfront and in proximity thereto by the fireboat which has been in service for the year last past is ample justification of the

wisdom of acquiring and maintaining the said boat; and,

WHEREAS, Under the terms of agreement between the city and the owners of said boat the Fire Department has necessarily been deprived of the use of the boat at certain times, and it is the judgment of this Board that the Director of Public Safety can more fully attain his object of furnishing complete protection to said waterfront property and that he should be enabled to do so by obtaining exclusive jurisdiction over said fireboat; and,

WHEREAS, The Director of Public Safety has been reliably informed that the cost of operating a municipally-owned fireboat will be approximately the same as under the terms of the present agreement, with the added benefit of uninterrupted service, thereby doubling the efficiency and reliability of such service;

THEREFORE, BE IT RESOLVED, That the Director of Public Safety be and hereby is authorized to advertise for proposals for and to contract for the purchase of a boat which in his discretion will fulfill the duties required in the marine branch of the Newark Fire Department.

William J. Brennan,

Thomas L. Raymond,
A. Archibald.
William J. Brennan,
John F. Monahan.

The roll being called, the resolution was declared adopted by the following votes.

Yeas—Commissioners Archibald, Brennan, Monahan, Raymond.

Nay—Mayor Gillen.

Mayor Gillen—For some years there has been going on in the City of Newark an effort to get rid of one of the most inniquitous agencies that has ever inflicted itself on this city—an agency composed of men who have robbed the City of Newark and who have robbed the citizens of Newark. I have made this charge on several occasions deliberately and I am making it now. With dishonest methods this agency has come into the City of Newark and has robbed the city and has robbed the people of the city. Whenever this firm has gone it has left behind it a trail of scandal, a trail of extortion and bribery, a trail of bribery that is indecent and rotten. A crooked firm composed of crooks who have deliberately robbed the people with whom they did business, as has been the case in this city for many years, and it has been well known that any official with whom this firm did business was himself under suspicion whether he was honest or dishonest. In various cities of the United States which had the misfortune to have this firm come into them and do business with them there have always been law suits for charges of bribe giving and bribe taking—charges of the worst kind of scandal—and it has been invariably determined that the charges were well founded. This firm has been branded throughout the United States as a firm of dishonest persons, doing a dishonest business and robbing the people with whom they did business. I say this on my own responsibility. I have fought this firm for years—the City of Newark.

This is the firm that is known as the Standard Bitulithic Company—and under various other names—throughout the country. It has been very difficult to defeat this firm in the courts, and citizens—hundreds of them—have protested to the officials of the City of Newark against the kind of pavement that this firm laid. They have always laid pavement under closed specifications without any real competitive bidding on any job on which bitulithic was laid, and therefore the people did not receive their legal or just rights. Why is a fake price filed here with the Board of Commissioners similar to other fake prices filed with other boards of the country? That is presumably to meet the law. I do not know under what proceedings these streets are now being paved with bitulithic. It used to be the understanding of the officials of Newark that it was necessary to have the owners and a majority of the residents on the streets to be improved sign a petition in favor of these improvements. Many of these were filed with the Board. We immediately branded them as being signatures obtained under false pretenses and misrepresentation by a crowd of men employed by a firm of crooks doing a crooked business. Now, I have thought we could get rid of this firm some time ago, and I spoke to Commissioner Raymond about it on several occasions. Some time ago Commissioner Raymond told me that he was trying to get rid of this company, but I am surprised to see this resolution come in before this board. I am astonished to see the City of Newark placed at the mercy of this firm of crooks. I do not think that the City of Newark is deserving of that kind of treatment at the hands of a crooked firm, and I say now to you gentlemen that I am willing to go before the people of Newark on this proposition on a recall petition. I want to lay it right before you now. I am either going to be

straight as a member of this Board and transact the business of the City of Newark in a legitimate, straight manner or I am going to walk out of this City Hall. I will not continue to do business with the same old gang in the same old manner, and if the City of Newark cannot get better results from Commission government then it had better go back to the old form of government. I say that deliberately and considerately. I finally came to the conclusion that now is the time to bring the matter before the Board and to settle it once and for all. As far as I am concerned, I am going out tomorrow if this resolution passes and this firm is allowed to do business with the city and start whatever movement I deem necessary to take the people of Newark out of the clutches of this firm of crooks, as I have tried to do in the past. I am opposed to this resolution and I will vote against it or any similar resolution as long as I am on this Board.

Commissioner Raymond: I will say briefly that when the question of paving came up from time to time I gave great consideration to the Mayor's objection to the Standard Bitulithic Company. For some time I did not give any contracts for bitulithic paving. Now I have the recommendations of Mr. Sherrerd, Mr. Van Duyne and Mr. Howell that this is the best kind of paving for certain parts of the city and the cheapest, and I shall continue to bring in such resolutions as long as I think best. While I was Mayor I approved resolutions for the Board of Works for the paving of streets with bitulithic as I was not at all convinced then that asphalt was the best form of pavement for the City of Newark. I am convinced that the bitulithic pavement is the best and most satisfactory for residential streets, and I am therefore going to vote for this resolution. In support of this, as I said before, I have the opinion of three honest, disinterested engineers who have very carefully considered

the matter from an engineering standpoint. Because of the Mayor's attitude in this matter I seriously considered what was best for the people of Newark and decided that certain streets would give better results with bitulithic pavement.

Mr. Van Duyne, who was called upon by Commissioner Raymond, stated he considered bitulithic pavement the best for purely residential streets, the best from an engineering point of view and from the point of actual service. I am not in favor of having bitulithic on a street where there is a heavy traffic because it does not stand up.

Engineer Sherrerd stated he never recommended bitulithic pavement for Market Street because of the heavy traffic over this street, but that he did recommend bitulithic pavement for purely residential streets. "It is my judgment that bitulithic is a more satisfactory pavement for certain classes of residential streets, and the engineering reason for the difference between bitulithic and asphalt is that bitulithic is composed of a grading of stones which gives sufficient density and inherent stability in itself to carry the load of traffic without displacement similarly to macadam, while asphalt pavements on account of the fact that the mineral ingredients are sand and pulverized limestone which will not withstand heavy loads until mixed with a binding material makes it necessary to use for asphalt pavements an asphaltic cement which is harder and more brittle than is the case with bitulithic. In bitulithic pavements a softer mixture of asphaltic cement can be used without displacement of the mineral particles in summer and an asphalt cement which will not crack in winter. Usually this is not true of the asphalt cement mixture in asphalt pavements."

Mayor Gillen: You recommend bitulithic as against asphalt for these streets?

Engineer Sherrerd Yes, for a purely residential street.

Mayor Gillen: Why is it, Mr. Sherrerd, they do not lay bitulithic in the city of New York?

Engineer Sherrerd: There may be a prejudice on the part of the engineers against it.

Engineer Howell, who was called upon by Commissioner Raymond, made the following statement: These streets that are mentioned in the notice of intention are resurfacing jobs on telford foundations with the exception of one street, which is Roseville Avenue. I think we have in the neighborhood of forty miles of bitulithic streets and the only trouble we have had is where we discovered defective concrete bases which were laid by other contractors and not laid by the bitulithic people themselves.

Commissioner Raymond: The advice of the engineers is that this is the best pavement for these streets. I don't care to be called a crook and I don't propose to be scared by any threats of anybody nor shall I be insulted with impunity by anyone.

Painters' District Council No. 10, of Newark and Vicinity, State of New Jersey.

Newark, N. J., May⁰5th, 1919.

NOTICE OF WAGE INCREASE FOR PAINTERS

Effective Monday, June 16th, 1919.

To the Contractors and employers of Painters, Paperhangers, Deco-

ators, Glaziers, Glassworkers and Woodfinishers of Newark and vicinity, Greeting:

Concurrent with an agreement effected with the Master Painters' Associations of Newark, N. J., the wages for painters, etc., will be advanced from 70 to 75 cents per hour, or from \$5.60 to \$6.00 per day, effective on Monday, June 16th, 1919. The rate for foremen will be 50 cents higher than the regular rate, or \$6.50 per day. These rates will apply to all mechanics in the various branches of this trade.

The higher rates are now already being paid in the Oranges and Montclair, as well as in nearly every other city in New Jersey, and we believe that at this late date it is quite unnecessary to explain why our wages, the same as all other necessities and commodities of these abnormal times, should be advanced.

Trusting that you will be guided by this timely notice in making future contracts, we are

Sincerely yours,

Painters' District Council No. 10,
B. P. D. & P. of A.

The following communications were received and read:

Baker Printing Company,
Newark, N. J., June 18, 1919.

Board of Commissioners,

City Hall, Newark, N. J.

Gentlemen—I have received this morning notice of intention of repaving Baldwin Avenue from Clinton Avenue to Avon Avenue.

Allow me to express my thanks for having this work done. The old pavement is very dusty and it is quite impossible to keep the dirt and dust from getting in the houses. I also notice that several other streets in the vicinity are to be repaved. This is an improvement that should have been done long ago and I hope you will be able to have it finished without unnecessary delay.

Very truly yours,

S. R. Baker.

Ordered referred to the Director of Streets and Public Improvements.

State of New Jersey.
State Board of Taxes and Assessment.
Trenton, N. J., June 18, 1919.

Mr. Alexander Archibald,
Director of Revenue and Finance,
Newark, New Jersey.

Dear Sir—The Commission to Investigate Taxation, authorized by the recent session of the Legislature will hold a public hearing in the First District Court room at the City Hall,

Newark, at 11 a. m. on Monday, June 23.

The Commission is anxious to get the viewpoint of all persons interested in the subject of taxation. The meeting will be an open forum, and so far as possible all who desire will be given an opportunity to be heard.

Very truly yours,

Frank D. Schroth,
Secretary, Commission to Investigate Taxation in New Jersey.

Commissioner Archibald: I might say in answer to this communication that it would be well to place it on file, and it will be a good thing for all the Commissioners to attend the hearing and express their personal views on this taxation subject.

Commissioner Monahan moved that the communication be filed and a copy sent to each Commissioner.

The roll being called, the motion was declared adopted by the following votes:

Yeas — Commissioners Archibald, Brennan, Monahan, Raymond.

June 5, 1919.

Hon. Thomas L. Raymond,
Director, Streets and Public Improvements.

Dear Sir—Noting attached communication from Mr. A. P. Bachman, representing the Hildreth Granite Company, of Boston, Mass., the five-year guarantee will expire on December 3, 1919.

The receivers made a feeble attempt to repair Bowery Street some three years ago but only made partial repairs and the city was compelled to complete the work with its repair force. The 5% reserve amounting to \$580.92 has been released to the Repair Division to partially reimburse the city for \$1,033.19, the amount expended by the city for repairs to Bowery Street. On December 3, 1919, the final 3% reserve becomes due, amounting to \$871.38, and the city has a claim against this reserve of \$452.27.

Regarding the reserve certificates for Crawford Street, the contention of the receivers may be correct that they have been lost or mislaid and they may be entitled to have new ones issued in their favor. The 2% reserve certificate became due November 3, 1916, and amounts to \$190.02; the 3% reserve certificate became due on November 3, 1918, and called for \$285.03. The street is in excellent condition and we would recommend the issuance of new certificates on Crawford Street to the assignees, the Hildreth Granite Company, if it can be done legally.

Very truly yours,

William A. Howell,
Engineer in Charge, Bureau of Streets.

Commissioner Raymond moved that the communication be referred back to him and that he be authorized to carry on the correspondence with Mr. Bachman in accordance with the attitude of the City Commission.

The roll being called, the motion was declared adopted by the following votes:

Yeas — Commissioners Archibald, Brennan, Monahan, Raymond.

Commissioner Raymond moved to adjourn.

The roll being called, the motion was declared adopted by the following votes:

Yeas — Commissioners Archibald, Brennan, Monahan, Raymond.

APPROVED:

THOMAS L. RAYMOND,
WILLIAM J. BRENNAN,
A. ARCHIBALD,
JOHN F. MONAHAN,

Board of Commissioners of
the City of Newark, N. J.

W. J. EGAN,
City Clerk.

Newark, N. J.,

June 26th, 1919.

A regular meeting of the Board of Commissioners of Newark, N. J., was held on the above date in the Council Chamber, City Hall, Newark, at 11 o'clock a. m.

Present—Commissioners Archibald, Brennan, Monahan, Raymond.

Absent—Mayor Gillen.

The minutes of the meeting of June 19th, 1919, were read and approved.

Mr. A. R. Fitzsimmons appeared before the Board and stated he would like to have the right to submit testimony in regard to the Vailsburg sewer assessments, and if it is refused he would like to have it noted in the minutes.

Commissioner Archibald: We will do nothing in this matter until we have the written opinion from the City Counsel.

Commissioner Raymond moved that the whole matter and questions relating to it be laid over for one week.

The roll being called, the motion was declared adopted by the following votes:

Yeas — Commissioners Archibald, Brennan, Monahan, Raymond.

The following petition was received and read:

June 25, 1919.

To the Commissioners of the City of Newark, N. J.

Gentlemen—I am the owner of three lots on Smith Street, numbered Nos. 266, 296, 298, in the Vailsburg section.

I hereby protest against the assessment for the Vailsburg storm sewer now before your honorable Board for confirmation, for the reason that under the Act of 1895 assessments for this sewer can only be levied against property fronting on the line of said

sewer and that none of the above mentioned property fronts on the street where said sewer has been built.

Trusting that this protest will be made a matter of record by your Board and that same will receive your favorable consideration, I am

Respectfully,

A. Eugene Geiser.

779 South 12th St., Newark.
